

USER REFERENCE LIST

Automated TL/OSL reader systems, models Risø TL/OSL-DA-8/12/14/15 have in recent years been delivered to the following:

- Prof. M. Aitken, Oxford University, UK
- Prof. J. Prescott, Adelaide University, Australia
- Dr. R. Grun, Cambridge University, UK
- Dr. H. McKerrell, Loch Ranza Centre, Scotland
- Dr. E. Piesch, Nuclear Research Centre, KFK, Karlsruhe, Germany
- Dr. V. Mejdahl, Nordic Luminescence Lab., Denmark (3 pieces)
- Dr. C Kronborg, Aarhus University, Denmark
- Dr. A. Murray, Office of Superv. Scientists, Jabiru, Australia
- Dr. D. Regulla, G.S.F., Neuherberg, Germany
- Prof. T. Jaakkola, Helsinki University, Finland
- Dr. Ann Wintle, University of Wales, Aberystwyth, UK
- Dr. D. Stoneham, Oxford University, UK
- Dr. T. Calderon, University of Madrid, Spain
- Prof. P. Ypma, University of Delft, The Netherlands
- Dr. I. K. Bailiff, University of Durham, UK
- Dr. H. Jungner, Helsinki University, Dating Lab., Finland
- Dr. C. Goedicke, Rathgen Research Lab., Berlin, Germany
- Prof. S.O. Troja, Catania University, Italy
- Dr. B. Wangcharoenroong, Off. of Atom. Energy f. Peace, Bangkok
- Dr. Ann Wintle, Univ. of Wales, Aberystwyth, UK (2nd delivery)
- Dr. D. Stoneham, University of Oxford, UK (3rd delivery)
- Prof. J. Chappell, Austr.Nat.Univ., Canberra, Australia (2 pcs).
- Dr. D. Price, University of Wollongong, Australia
- Prof. A. Gleadow, La Trobe University, Melbourne, Australia
- Dr. G. A. Schreiber, Inst. for Social Medicine, Berlin, Germany
- Prof. G. Wagner, Max Planck Institute, Heidelberg, Germany
- Dr. M. Frechen, University of Cologne, Geol. Inst., Germany
- Prof. W. Stolz, Inst. for Appl. Physics, Freiberg, Germany
- Dr. E. Rhodes, Royal Holloway University of London, UK
- Dr. V. Mejdahl, Nord. Lum. Dating Lab., Denmark (4th delivery)
- Dr. P. Christensen, Risø National Lab., Denmark
- Dr. H. Rendell, University of Sussex, Brighton, UK
- Dr. Y. Goksu, G.S.F., Neuherberg, Germany (2nd delivery).
- Dr. E. Haskell, Univ. of Utah, Salt Lake City, USA
- Dr. P. Van den haute, University of Gent, Belgium
- Dr. A Delgado, Basic Research Dept., CIEMAT, Madrid, Spain
- Dr. B. Wangcharoenroong, Off. of Atom. Energy f. Peace, Bangkok (2nd delivery)
- Dr. M.Y. Tso, Radioisotope unit, Univ of Hong Kong, Hong Kong
- Prof. S.O. Troja, Catania University, Italy (2nd delivery)
- Dr. N. Porat, Geological Survey, Jerusalem, Israel
- Dr. U. Radtke, Geogr. Inst., Univ. of Cologne, Germany
- Dr. A. Gemmell, Univ. of Aberdeen, Scotland (UK)
- Prof. S.O. Troja, Catania University, Italy (3rd delivery)

Cont.

- Dr. D.I. Godfrey-Smith, Dalhousie Univ., Halifax, Canada
- Dr. A. Murray, CSIRO, Div. of Water Res., Canberra, Australia
- Dr. Y. Goksu, G.S.F. Neuberberg, Germany (3rd delivery)
- Dr. H. Yamazaki, Institute of Silk Road Studies, Tokyo, Japan
- Prof. D. Thomas, Dept. of Geography, Univ. of Sheffield, U.K.
- Dr. I.K. Bailiff, University of Durham, U.K. (2nd delivery)
- Prof. K. Lund Rasmussen, Inst. of Physics, Odense University, Denmark.
- Prof. H.L. Oczkowski, Copernicus University, Torun, Poland
- Prof. H. Rendell, University of Sussex, Brighton, UK (2nd delivery)
- Dr. W. S. Downey, University of Botswana, Botswana, Africa
- Dr. A. Dalheimer, Bundesamt für Strahlenschutz, Salzgitter, Germany
- Prof. M.J. Tooley, University of St Andrews, Fife, Scotland (UK)
- Dr. T.N. Bagati, Wadia Inst. of Himalayan Geology, Dehra Dun, India
- Prof. A.K. Singhvi, Physical Research Laboratory, Ahmedabad, India
- Prof. H. Brueckner, Dept. of Geography, Phillips University, Marburg, Germany
- Prof. F. Chambers, Cent. f. Env. Change and Quat. Research, Cheltenham College, UK
- Dr. R.G. Roberts, La Trobe University, Melbourne (2nd delivery).
- Dr. J. Schulmeister, Victoria University, Wellington, New Zealand.
- Dr. D. Price, University of Wollongong, Australia (2nd delivery)
- Dr. L.P. Zhou, University of Cambridge, Cambridge, UK (2nd delivery)
- Dr. D. Stoneham, Oxford Authentication Ltd, Wantage, UK (2 pieces)
- Dr. Gary Caitcheon, CSIRO, Div. of Water Resources, Canberra, Australia (2nd delivery)
- Dr. A. Delgado, Basic Research Dept. CIEMAT, Madrid, Spain (2nd delivery)
- Dr. S. Stokes, School of Geology, Oxford University, Oxford, UK
- Dr. A. Murray (2 pieces), Nordic Lum. Dat. Lab., Univ. of Aarhus, Denmark (6th delivery)
- Dr. S.H. Li., Radio Isotope Unit, University of Hong Kong, Hong Kong (2nd delivery)
- Dr. Wang Weida, Research Lab. for Conserv. and Archaeol., Shanghai Museum, China
- Prof. G. Bonino, Dipt. de Fisica Generale, Universita Degli Study di Torino, Italy
- Dr. W. Stachowicz, Inst. of Nucl. Chemistry and Technology, Warszawa, Poland
- Dr. N. Mercier, Centre des Faibles Radioactives, CNRS-CEA, Gif sur Yvette, France
- Dr. M. Frechen, Cheltenham & Gloucester Coll. of Higher Education, UK (2nd delivery)
- Dr. Kazu Tanaka, CRIEPI, Geology and Geotechnology, Abiko Research Center, Japan
- Dr. N. Spooner, Australian National University, Canberra, Australia (3rd delivery)
- Dr. J. Olley, CSIRO, Div. of Water Resources, Canberra, Australia (3rd delivery)
- Prof. S.W.S. McKeever, Dept. of Physics, Oklahoma State University, USA
- Prof. G.A. Brook, Dept. of Geography, University of Georgia, USA
- Dr. Maurer, ASA Laboratory, Wadgassen-Werbeln, Germany
- Prof. P. Langevin, Univ. de la Mediterranee, Marseille, France
- Prof. G.A. Wagner, Archaeometry Lab., Max Planck Inst., Heidelberg, Germany (2nd delivery)
- Dr. M. Takada, Nara Woman's University, Nara, Japan
- Dr. A.J.J. Bos, Delft University of Technology, Delft, The Netherlands
- Dr. H. Delinsee, Bundesamt für Ernährung, Karlsruhe, Germany
- Dr. G. Querre, Research Laboratory, LOUVRE MUSEUM, Paris, France
- Prof. K.T. Hwang, Chonbuk National University, Chonju, Korea
- Dr. D.C.W. Sanderson, SURRC, East Kilbride, Scotland, UK
- Dr. S. Stokes, School of Geology, Oxford University, Oxford, UK (2nd delivery)
- Prof. V. Stepanenko, MED Lab., MRRC RAMS, Obninsk, Russia
- Dr. D. Stoneham, Oxford Authentication Ltd, Wantage, UK (3rd delivery)

Cont.

- Dr. G.A.T. Duller, University of Wales, Aberystwyth, UK (3rd delivery)
- Dr. E. Rhodes, RLAHA, Oxford University, UK (4th delivery)
- Dr. S. Mahan, Dept. of Geology, University of Colorado, Denver, USA
- Prof. S. Forman, Dept. of Earth and Env. Sciences, University of Illinois, Chicago, USA
- Dr. D. Lo, Dept. of Physics, The Chinese University of Hong Kong, Hong Kong
- Dr. J. C. Soares, Institute of Nuclear Technology, Sacavem, Portugal.
- Dr. N.L. del Mastro, Inst. Pesq. Energet. Nucl. (IPEN), Sao Paulo, Brazil.
- Prof. L. Zoeller, Institute of Geography, University of Bonn, Germany
- Dr. Maurer, ASA Laboratory, Wadgassen-Werbeln, Germany (2nd delivery)
- Prof. U. Radtke, University of Cologne, Dept. of Geography, Cologne, Germany (2nd delivery)
- Dr. P. Ambrosi, Physikalisch-Technische Bundesanstalt (PTB), Germany
- Prof. R.K. Gartia, Physics Department, Manipur University, Imphal, India.
- Prof. J. Rink, School of Geography and Geology, McMaster University, Ontario, Canada
- Dr. N. Tsirliganis, Archaeometry Laboratory, C.E.T.I., Xanthi, Greece
- Dr. L. Zhou, Geological Department, University of Peking, Beijing, China
- Dr. Hong Sayong, Physics Department, Kongju National University, Kongju, Korea
- Dr. Chang-Sik Cheong, Korea Basic Science Institute, Tajeon, Korea
- Prof. S. Cheon, Gold Forest Laboratory Ltd., Kowloon, Hong Kong
- Dr. P.L. Leung, Dept. of Physics & Materials Science, City University of Hong Kong.

Confirmed orders for delivery in 2001:

- Prof. A.K. Singhvi, Physical Research Laboratory, Ahmedabad, India (2nd delivery).
- Dr. M. L. Clarke, School of Geography, University of Nottingham, UK
- Dr. R.G. Roberts, School of Earth Sciences., University of Melbourne, Australia (2nd delivery)
- Dr. Zhao Hua, Institute of Geology, Chinese Academy of Sciences, Beijing, China
- Dr. C. Wilson, Los Alamos National Laboratory, Los Alamos, New Mexico, USA
- Dr. Mike Blum, Department of Geosciences, University of Nebraska – Lincoln, USA
- Dr. D. Lo, Dept. of Physics, The Chinese University of Hong Kong, Hong Kong (2nd delivery)
- Prof. S.W.S. McKeever, Physics Department, Oklahoma State University, USA (2nd delivery)
- Dr. A. Gemmill, Department of Geography, University of Aberdeen, Scotland, (2nd delivery)
